

BELAL MUSTAFA KHUBIEH

Front End Web Developer

• +963981091343 • belalkhobieh343@gmail.com • [My-potfolio](#) • [My-GitHub](#) • Damascus-Syria

Summary

Hi I am an ITE student at Damascus university it's my third year , I am a passionate Front-End Web Developer possess an impressive arsenal of skills in HTML,CSS , Java Script ,React , React-redux/Zustand, React-Router ,Bootstrap and Sass ,I excel in designing and maintaining responsive websites that offer a smooth user experience , My expertise lies in crafting dynamic ,engaging interfaces throw writing clean and optimized code and utilizing cutting-edge development tools and techniques .

Skills

Front-End: HTML . CSS . Bootstrap . SASS . JavaScript . React . React-router . React-redux . Zustand . Git & Github

Personal Skills: Team work . Time management . Research . Keep Learning . Discipline

Experience

Company Name	Location
Teacher	06/2024
• I am working as an online teacher ,teaches the basics of Front-end Web development languages	

Projects

My-portfolio	06/2024
Web application to display my work and experiences in order to get a job opportunity	
•Coded using React ,React-hooks ,Sass , Responsive . View Demo .	
Note App	04/2024
Web application allows you to create an infinite number of notes with the possibility of deleting and updating them ,this application improved my skills in managing state, load and fetch data to/from database (firestore) and the techniques of lazy loading	
• Coded using React ,React-redux ,Sass , Responsive ,With use of Database (firestore) (Note: Turn on vpn). View-Demo .	
Todo List	09/2024
Web application , allows you to create Tasks with title ,description and date with the possibility of deleting ,editing and moving the Task between columns (PLANING , ONGOING , DONE),By this Project I get very good experience of using managing state (zustand) and React-router	
• Coded using React ,React-router, Zustand , CSS . View Demo .	
Amazon Project	10/2023
Dynamic , Interactive , Responsive and maintainable Amazon website , By this project I improved my skills in JavaScript and its associated libraries like ,the testing library (jasmin) , and very good practice of MVC technique.	
• Coded using HTML ,CSS and JavaScript Responsive ,With use of testing library (Jassmin) . View Demo .	
Games Viewe	05/2024
A multi-page website, for profile, for viewing live streams and library of games ,By this project I got experience of using React-router ,React-hooks (by reducing the number of re-render components to improve the performance) , maintainable styles by using Sass and fetching data from database (fireStore)	
• Coded using React ,React-redux ,React-router, Sass , Responsive , With use of Databases (firebase) (Note: Turn on vpn). View-Demo .	
Quiz App	09/2024
Contains several test's sections contains questions related to a specific technology for web development, displaying the result at the end of each test ,This app gave me a great understanding of the use of managing state (react-redux) , React-router , and the MVC technique.	
• Coded using React , React-redux ,React-router View Demo .	

Education

Damascus university	
Information Technology Engineering	09/2022 - 09/2026
