## Summary

Hi I am an ITE student at Damascus university it's my third year , I am a passionate Front-End Web Developer possess an impressive arsenal of skills in HTML,CSS , Java Script ,React , React-redux/Zustand, React-Router ,TailwindCss ,Bootstrap and Sass, and animation skills using gsap ,I excel in designing and maintaining responsive websites that offer a smooth user experience , My expertise lies in crafting dynamic ,engaging interfaces throw writing clean and optimized code and utilizing cutting-edge development tools and techniques .

## Skills

Front-End: HTML . CSS . Bootstrap . SASS . JavaScript . React . React-router . React-redux . Zustand . Git & Github

Personal Skills: Team work . Time management . Research . Keep Learning . Discipline

## Experience

Company Name

Location

Teacher

06/2024

• I am working as an online teacher ,teaches the basics of Front-end Web development languages

Internship

09/2024 -11/2024

• I trained as a Front-End web Developer in mad solution company where I gained many experiences by building a complete website for an instruction company in collaboration with the back-end developers.

## Projects

My-portfolio

06/2024

Web application to display my work and experiences in order to get a job opportunity

•Coded using React ,React-hooks ,Sass , [Responsive](#). [View Demo](#).

Website for Instruction Company

10/2023

Multi Pages website for instruction and building company with authentication and notification systems and api integrating

• Coded using React ,TailwindCss ,managing state by zustand ,animations using gsap,[Responsive](#) and maintainable . [View Demo](#).

3D-Iphone Website

09/2023

A Website resembling apples iPhone 15 Pro page developed using React, tailwindCss ,Threejs and gsap Responsive and maintainable .

• [View Demo](#).

Todo List

08/2024

Web application , allows you to create Tasks with title ,description and date with the possibility of deleting ,editing and moving the Task between columns (PLANING , ONGOING ,DONE),By this Project I get very good experience of using managing state (zustand) and React-router

• Coded using React ,React-router, Zustand , CSS . [View Demo](#).

Games Viewe

07/2024

A multi-page website, for profile, for viewing live streams and library of games ,By this project I got experience of using React-router ,React-hooks (by reducing the number of re-render components to improve the performance) , maintainable styles by using Sass and fetching data from database (fireStore)

• Coded using React ,React-redux ,React-router, Sass , [Responsive](#) , With use of Databases (firebase) (**Note:**Turn on vpn). [View-Demo](#).

Amazon Project

06/2023

Dynamic , Interactive , Responsive and maintainable Amazon website , By this project I improved my skills in JavaScript and its associated libraries like ,the testing library (jasmin) , and very good practice of MVC technique.

• Coded using HTML ,CSS and JavaScript [Responsive](#) ,With use of testing library (Jassmin) . [View Demo](#).

## Note App

04/2024

Web application allows you to create an infinite number of notes with the possibility of deleting and updating them ,this application improved my skills in managing state, load and fetch data to/from database (firestore) and the techniques of lazy loading

- Coded using React ,React-redux ,Sass , [Responsive](#) ,With use of Database (firestore) (**Note:**Turn on vpn). [View-Demo](#).

## Education

---

Damascus university

09/2022 - 09/2026

Information Technology Engineering

## Languages

---

**English:**    Reading :Excellent  
:                Listening :very good  
                 Conversation :very good.

**Arabic :**    Reading : Excellent  
                 Listening : Excellent  
                 Conversation : Excellent
